

AMBASSADOR LINE

GET READY TO CLIMB

The Teufelberger logo, featuring a stylized blue 'T' with a red horizontal bar, followed by the brand name 'Teufelberger' in a blue sans-serif font.

Teufelberger

AMBASSADOR LINE

GET READY TO CLIMB.

We believe that there is no one better than our 21 Ambassadors around the world to support, advise, develop and test clever products that are beneficial for climbers' lives. Each product has a little something extra that can only be created by the extensive knowledge and passion of arborists. Thank you to our Ambassadors for their unconditional commitment. Whether you live, like our Ambassadors do, in Asia, Europe, North or South America or even in Oceania, this range will help you to GET READY TO CLIMB.

”

The new Ambassador line of TEUFELBERGER gets me ready to climb. With the clothes and the tools, I have everything I need for a successful day

Eva-Maria Mauz
TEUFELBERGER Ambassador
Germany

WE FOCUS ON YOUR EVERYDAY NEEDS **WORK.** **COMPETE. ENJOY**

Whatever you are doing - recreational climbing, standard daily work or competing - you should enjoy every minute of it!

Therefore we have developed a range of products where every single one makes your tree climbing life easier. We are doing this without sacrificing the legendary quality of Teufelberger products.

All you have to do is work, compete and enjoy! We'll take care of the rest.

I am proud of the relationship we have established with our Ambassadors, this range of products is a perfect reflection of this incredible collaboration. I hope that every climber around the world will enjoy every minute while using one of our Ambassador Line products.

”

A stylized signature in black ink, appearing to read 'L. Rambert'.

Ludovic Rambert
Business Unit Manager Treecare

The ambassador line is designed by real tree climbers for real tree climbers. The attention to detail is second to none and they are really optimised for a life in the trees.

”

Joe

Joe Stockton,
TEUFELBERGER Ambassador
Sweden

”

It took time, passion, a lot of ideas and a lot of communication with the other Ambassadors and Teufelberger to finally see the result! And apparently this is only the beginning!

Marcin Anczakowski

Marcin Anczakowski,
TEUFELBERGER Ambassador
Poland

TEUFELBERGER AMBASSADORS

Passion for trees has no borders!

We at TEUFELBERGER believe in people who follow their passion and live their dreams, because we are the same. We love what we do and want to share our knowledge with you to make being an arborist easier and safer. That's why we started the TEUFELBERGER Ambassador program to support this goal. A team of established arborists and newcomers from all over the world unites under the TEUFELBERGER brand. They represent TEUFELBERGER at tree climbing competitions, share their expertise with the community and spread their passion – because passion for trees has no borders.

WHAT ARE THEIR MISSIONS AND DUTIES?

- ✓ Animate workshops to promote good practices and safety.
- ✓ Support and provide technical assistance to our distributors and representatives.
- ✓ Bring their expertise to Teufelberger during the development or the validation of new products.
- ✓ Promote all professions related to trees. (Arboriculture, treeclimbing, recreative treeclimbing, ...)
- ✓ Share their knowledge of Teufelberger products and their optimal use.
- ✓ Represent Teufelberger during competitions (regional, national or international).
- ✓ Create marketing content in their native language to reach the widest possible audience.

WAY UP LIGHT PANTS DURABLE. COMFORTABLE. BREATHABLE. **CORDURA**

More than just trousers, a real second skin that will accompany you throughout your day, whatever you are doing - recreational climbing, standard daily work or competing. The hundreds of micro-perforations in the fabric provide exceptional breath-ability and will guarantee you moments of freshness even during the hottest days. Lightweight does not mean fragile, the choice of a Cordura/Spandex fabric guarantees a very high abrasion and tear resistance, which is reinforced at the calf and lower leg by the use of a Kevlar/Nylon/Spandex mixed fabric. With a lot attention to detail we have also attached a lot of important features, such as the hook to hold the bottom of the trousers properly to your shoe. Or the system to adjust the width of the trousers at the ankle, or even the presence of a silicone print on the inside of the belt to prevent the trousers from slipping. The Way Up light pants have everything to become your favorite climbing pants!

ARCTIC FLEECE

BREATHABLE.

WARM. COZY.

The robust and versatile Artic Fleece consists of 300g/m² fleece made of 100% ambossed polyester. It combines good thermal performance with low weight but is quickly drying. The mix of comfort and functionality is very well rounded off by practical details such as the thumb hole, the high collar, a longer lumbar spine length or a breathable net over the armpits. The breast pocket with zipper offers space for your cell phone or some sweets. The Artic Fleece is super-cozy without being bulky. It keeps you warm during all activities....You'll never leave home without it.

K1 KEEPER

USEFUL. NEAT. EFFECTIVE.

The reimagined K1 Keeper allows you to move efficiently and cleanly throughout the trees. Its innovative design neatly stows your lanyard in one easy pull and effectively reduces the amount of time spent organising excess line. Don't let the plastic fool you – it's made of industrial grade Nylon 6 (an aluminum alloy alternative) and has aluminum components that make it one sturdy piece of gear. To make it easier for you on the ground and in the tree, it has been redesigned to require no tools for installation – an upgrade that we are sure you will love! Its ability to handle dynamic and semi-static line make it a useful and accommodating tool that is meant to make your hours in the tree more efficient.

FIRST AID KIT

miniME

STRONG. HANDY. COLORFUL.

Despite its small size, miniME is a powerful and effective fighter, giving to some others accessory carabiners a considerable thrashing. Despite being a mini clone of bigger carabiners, miniME is shown to be stronger and tougher than some of its larger counterpart. Your miniMEs will be discreet and will carry out a multitude of missions without ever betraying you. The only challenge for you will be to choose the color.

ROPE TARP

CLEAN. DURABLE. HANDY.

The rope tarp protects your rope from dirt and damage! The tarp is dirt-repellent made of durable but lightweight polyamide. The grey corner loops and elastic bands make it possible to store the rope ends easily and to find them again immediately. With a little ingenuity, you could even turn it into a makeshift tent. The rope tarp comes in a small bag, so you can carry it with you wherever you go.
